

A large, bare tree is the central focus, densely covered with thousands of small lights. The majority of the lights are warm white, creating a bright, golden glow. Interspersed among these are clusters of vibrant blue lights, particularly in the center and lower-middle sections of the tree. The background is a deep, dark blue, suggesting a clear night sky. The overall effect is a festive and celebratory display of light art.

UTOPIA - True Broadband Internet

Fiber optic service directly to your home or business is available in Centerville via UTOPIA. UTOPIA is a community-owned fiber network created by a number of Utah cities to provide advanced telecommunications. A variety of data, phone and video packages are available through various service providers, with connections from 20 Mbps to 1 Gbps.

What services do UTOPIA service providers offer?

UTOPIA's service providers currently offer: Internet, phone and video service. You can find all providers' offerings at www.utopianet.org/pricelist.

What type of contract can I sign with UTOPIA?

Currently, UTOPIA has four installation and infrastructure options for new residential subscribers:

Lease option: \$30 a month for a two-year lease. After two years, your contract switches to month-to-month term.

CUE (Contract Utility Enhancement) option: The CUE option is an ownership-like model. With this option the UTOPIA connection is tied to the property and is billed directly by the City. The benefit of signing up for CUE is that once the infrastructure commitment is met, you will only have to pay for the services.

- * \$300 down and \$30 a month for 10 years (6% interest rate).
- * No money down and \$25 a month for 20 years (7.9% interest rate).
- * A \$2,750 upfront charge

How much does it generally cost on a monthly basis?

For a 250/250 Mbps connection, the average service provider on the UTOPIA

network charges approximately \$35 a month. The average cost of a 250/250 Mbps data connection plus the UTOPIA fee is \$65.00 a month.

Whom do I contact if I am interested in learning more about UTOPIA?

For information regarding providers, services, connections and pricing, please visit www.utopianet.org, or call (801)613-3880 to speak to a Customer Service Representative.
