Interested Citizens (see attached sign-in sheet)

PLEDGE OF ALLEGIANCE

PRAYER OR THOUGHT       Councilwoman Fillmore

CANVASS OF 2017 MUNICIPAL GENERAL ELECTION RESULTS

Marsha Morrow, City Recorder, provided the Council with results of the 2017 Municipal General Election, which were read aloud by Mayor Cutler. Councilman McEwan made a motion to accept results of the 2017 Municipal General Election as reported by Davis County. Councilman Ince seconded the motion, which passed by unanimous vote (5-0).

OPEN SESSION

No one wished to comment.

MINUTES REVIEW AND ACCEPTANCE

Minutes of the November 8, 2017 work session and regular Council meeting were reviewed. Amendments to the regular Council meeting minutes were requested. Councilman Ince made a motion to approve the November 8, 2017 work session minutes, and the regular Council meeting minutes as amended. Councilwoman Ivie seconded the motion, which passed by unanimous vote (5-0).

SUMMARY ACTION CALENDAR

a. Interlocal Agreement with South Davis Metro Fire Service Area for Collection of Public Safety Impact Fees – Resolution No. 2017-21
b. Commence warranty period for Miles Manor Subdivision
c. Municipal Code Amendments regarding appointment of City Recorder and City Treasurer – Ordinance No. 2017-31
d. Public Utility Easements for Symphony Homes
Councilwoman Fillmore made a motion to approve all four items on the Summary Action Calendar, including Resolution No. 2017-21 and Ordinance No. 2017-31. Councilman Ince seconded the motion, which passed by unanimous vote (5-0).

PUBLIC HEARING – ZONING CODE AMENDMENT – DENSITY GRADATION IN R-M ZONE

Cory Snyder, Community Development Director, presented Ordinance No. 2017-28 with revisions requested by the Council to cap the maximum density in the R-M Zone to six units per acre, and to eliminate the conditional use permit option for additional density in the R-M Zone. Development Standards were revised to prohibit apartments and parking lot style development in R-M Zones. Responding to a question from Mayor Cutler regarding exterior design standards, Mr. Snyder stated brick could be added to the list of acceptable building materials.

Mayor Cutler opened a public hearing at 7:22 p.m., and closed the public hearing seeing that no one wished to comment. Councilman McEwan expressed concern with the “natural elements” requirement in the Design Standards, and commented that most single-family residences in the city would not meet that requirement. Mr. Snyder responded that design standards are increased for the denser zone. Councilwoman Fillmore stated she feels good about the proposed protection and increased standards for quality. She said her concern is not with the bigger developments, but with the smaller multi-family developments that often get neglected over time. She said she believes starting with high-quality materials may help negate that tendency. Responding to a question from Councilman Ince, Mr. Snyder explained that stucco does not have long-term durability. He pointed out that a developer can appeal to the City if they want to build a project with materials not on the approved list.

Councilwoman Fillmore said she is not comfortable taking away the extra layer of control and protection provided by conditional use, but the design standards as written make her more comfortable. She said she will vote against the proposed Ordinance because she is not comfortable leaving the question of R-M2 unanswered. She said she feels the proposed ordinance is incomplete. Councilwoman Mecham said she believes conditional use has changed since the time it was implemented for Main Street, and she likes the protection provided by the proposed design standards. Responding to a question from Councilman Ince, Mr. Snyder stated the landscaping and open space requirements match the City standard for residential development.

Councilwoman Mecham made a motion to adopt Ordinance No. 2017-28, with the addition of brick as an acceptable building material. Councilwoman Ivie seconded the motion, which passed by majority vote (4-1), with Councilwoman Fillmore dissenting.

WASATCH INTEGRATED WASTE MANAGEMENT DISTRICT

John Higginson, Centerville liaison with the Wasatch Integrated Waste Management District, reported that the Davis Energy Recovery Facility (DERF) is permanently closed, resulting in a reduction in the life expectancy of the landfill. The DERF location will become a recyclables processing and transfer facility. The Wasatch Integrated Waste Management District does not anticipate an increase in garbage or waste fees for in-district residents at this time. A $25 out-of-district drop-off fee has been implemented. Responding to a question from Councilman Ince, Mr. Higginson stated that glass recycling is costly, with little payback.

UTOPIA/UIA UPDATE

Roger Timmerman, UTOPIA Executive Director, updated the Council on UTOPIA/UIA progress and growth. He reported growth in all existing UTOPIA markets. Mr. Timmerman
stated UTA is considering expansion to areas outside member cities to financially benefit UTA as a whole. He emphasized that expansion outside member cities would only occur if member cities would benefit. He said the desire of the UTA Board is to complete build-out of the network, and make progress toward providing debt relief. The Council asked questions and discussed possible ways to speed up debt relief.

**MAYOR'S REPORT**

- South Davis Metro Fire Service Area financial statements are available with the agenda on NovusAgenda. Mayor Cutler reported the annual fire assessment formula has been adjusted, which will increase Centerville’s fire assessment for the current fiscal year by about $10,000.
- The Mayor updated the Council regarding utility bill adjustments.
- A majority of the Council indicated a desire to put discussion of continued billboard prohibition along Legacy Highway on a future agenda.
- The Tingey family has donated $50,000 toward construction of a pavilion at the Community Park Expansion.

**CITY MANAGER'S REPORT**

- The Council discussed future work session topics and scheduling.
- The Centerville City Employees Association requests an expansion of the definition of “Resident” to include persons with at least 10 years of service as City employees. Councilman McEwan requested information regarding how other cities address the issue. Mayor Cutler suggested the change would cost almost nothing, and might create goodwill with employees. The topic will be placed on a future agenda for discussion.

**ADJOURNMENT**

At 9:23 p.m., Councilman McEwan made a motion to adjourn the meeting. Councilwoman Ivie seconded the motion, which passed by unanimous vote (5-0).
Minutes of the Centerville City Council work session held Tuesday, November 21, 2017 at 5:30 p.m. in the Centerville City Council Chambers, 250 North Main Street, Centerville, Utah.

Mike Spilker, Hinton Burdick (via web phone)
Clark Wilkinson, Mayor-elect

AUDIT REPORT FOR FY 2017

Marcus Arbuckle, CPA Advisor with Keddington & Christensen reported on adjustments made to the FY 2017 financial statements. An inventory of stored water-related parts was completed by the Public Works Department, and an asset amount added to the financial statements. The City Manager will discuss with Randy Randall and Mike Carlson what level of water parts inventory would be reasonable.

Mike Spilker, Auditor with Hinton Burdick, commented that the FY 2017 Audit went smoothly, with six adjustments recommended. No material weaknesses or significant deficiencies were found. Mr. Spilker presented the FY 2017 Audit Report, and answered questions from the Council. The three findings from their compliance review were explained.

Questions were asked about property tax revenue amounts in the 10-year history on page 93, and the different amounts of interest expense reported for FY 2016 and FY 2017 on page 17. [NOTE: These numbers were subsequently corrected/adjusted before the CAFR was submitted to the State.]

FY 2018 FINANCIAL REPORT

Mr. Arbuckle presented a financial report for the four-month period ending October 31, 2017, and answered questions from the Council.

ADJOURNMENT

The work session was adjourned at 6:45 p.m.
