The City Council will then schedule and hold a public hearing and after due consideration may approve, approve with modification, or deny the proposed amendment.
4. Approval standards are as follows: Is the proposal consistent with the goals and objectives of the General Plan, will it be harmonious with the overall character of the existing property, how will the change effect adjacent property, is there adequate facilities and services for the intended area, such as: roadways, parks and recreational facilities, police and fire protection, schools, storm water drainage, water supplies, waste water and refuse collection, parks and recreational facilities [12-21-080(e)].

A resubmitted application may be considered if the Planning Commission determines a substantial change in circumstances has occurred to merit consideration for the application.
