20  
21 **BUDGET FY 2020 DISCUSSION**

22  
23 Jacob Smith, Management Services Director, explained changes/additions that will need  
24 to be made to the proposed FY 2020 Budget to be presented at the Council meeting later in the  
25 evening. The Council reviewed employee health insurance costs and discussed converting two  
26 City positions from hourly to exempt.

27  
28 At a previous Budget Work Session, Mr. Hanson said he would like to increase Police  
29 Department pay range minimums by another 5%, above the amount currently included in the  
30 proposed FY 2020 Budget. The Council and staff discussed the suggestion and where the funds  
31 would come from. One option would be to reduce the amount of property tax revenue  
32 transferred to the Transportation Fund. Maintaining a quality police force was one of the goals  
33 specified with the most recent property tax increase, along with streets maintenance.  
34 Councilmembers expressed concern with reducing the amount provided for streets  
35 maintenance. However, a majority of the Council agreed that they would prioritize police  
36 services over streets maintenance, as long as City streets are drivable. Mr. Hanson said he  
37 would prefer to keep the funds allocated to the Transportation Fund.

38  
39 Councilmember Ince commented that Municipal Court revenues have declined. Lisa  
40 Romney, City Attorney, said she is under the impression other cities are experiencing the same  
41 thing. The Council and staff discussed factors that might contribute to reduced Court revenues.  
42 Mr. Hanson said that as much as he would like to be able to increase the Police Department  
43 pay range minimums by 5%, he believes for now the additional officer and the compensation  
44 increases already included in the proposed FY 2020 Budget will significantly help the  
45 Department.

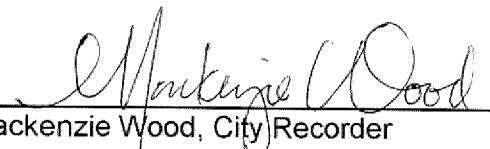

46  
47 Responding to a question from Councilmember Ince, Mr. Hanson agreed it would be a  
48 good idea to evaluate Enterprise Fund compensation to the General Fund. Councilmember Ivie  
49 asked what the impact to the Budget would be with a 2%-3% additional increase for the Police  
50 Department. She said she would like an update on City roads, and would like to better  
51 understand what qualifies a road as "dead". Councilmember McEwan said he would like to know

1 what a reduction in property tax allocation would do to the long-term streets plan. Mayor  
2 Wilkinson said he would choose to put the funds toward streets maintenance first. He said he  
3 receives a lot of emails from residents about needed streets maintenance. Councilmember Ince  
4 asked if it would be helpful to lobby the County for more Proposition 1 transportation funding.  
5 The Council and staff discussed Proposition 1 funds and grants. Mr. Hanson emphasized the  
6 need to make sure the City pursues grants that suit existing projects.  
7

8 Councilmember Ince requested an update on the sidewalks project. The Council talked  
9 about looking into the possibility of saving money by leveraging the construction season across  
10 multiple fiscal years. Councilmember McEwan asked if the additional increase to police  
11 compensation is expected within the Police Department. He suggested if the expectation is not  
12 there, the Council does not need to try to meet it this year. Mayor Wilkinson agreed.  
13 Councilmember McEwan commented that willingness and ability do not always match up.  
14

15 **ADJOURNMENT**

16  
17 At 6:55 p.m., Councilmember Ince made a **motion** to adjourn the work session.  
18 Councilmember Mecham seconded the motion, which passed by unanimous vote (4-0).
