**VISITOR**

**PRESENTATION BY JRCA ARCHITECTS – CITY HALL FRONT LOBBY**

Annette Coleman, Lead Interior Designer for JRCA Architects, presented a proposed redesign for the City Hall Administrative/Finance Office space. Council members expressed a preference for a front counter height greater than the standard 36 inches. Ms. Coleman recommended the counter height not exceed 42 inches. The Council and Staff discussed the need to ensure the pull-down door is equipped with safety measures. Ms. Coleman explained that the original cost estimate of the renovation ($86,500) was reduced to $59,000 by removing work that can be done by the City. The cost estimate of $59,000 does not include the cost of new ADA accessible main entrance doors or new décor and furniture for the lobby.

Staff explained that reasons for the renovation include: separating staff from the public; more efficient, improved office space; and improved security. Councilmember McEwan pointed out there are other departments in the City that interact with the public that will not have the same security measures. Jacob Smith, Management Services Director, agreed that security at the Public Works building needs to be improved. Brant Hanson, City Manager, commented that the Public Works building does have some security measures in place, improving them will need to be addressed further in the future. Councilmember McEwan asked if the proposed renovations for City Hall would actually improve security, or just give the perception of security. With the renovation, existing security would be improved. Other available options to provide greater security were discussed; however, they would be very costly to implement.

Council members agreed with the idea of replacing the main entrance doors with clear glass doors that are ADA accessible, and directed staff to bring back cost estimates. Councilmember Fillmore pointed out that a design board was put together several years ago by a professional designer for the lobby area at no cost to the City. She estimated that updated décor and furniture for the lobby would cost $20,000 or less. A majority of the Council agreed with a main front counter height of 42 inches, connected to a lower ADA accessible counter.
Mayor Wilkinson thanked Ms. Coleman for her presentation.

**FINANCE DIRECTOR POSITION DISCUSSION**

Jacob Smith, Management Services Director, reported on Centerville Finance Department staffing levels since 2013, and staffing levels in other Davis County cities (attached). Staff reviewed with the Council a list of financial services performed either by City staff or the City's contract CPA (attached). Mr. Hanson stated he is confident that all services currently performed by the contract CPA firm could be performed by a City Finance Director. However, he said an outside set of eyes is beneficial, particularly before an annual audit. An amount was left in the budget for those services. Mr. Hanson said he is currently evaluating all advisory contracts with the City.

Mr. Smith provided a proposed list of Finance Director tasks, and a list of administrative tasks that need more attention and/or can be shifted from current personnel (attached). Mr. Hanson explained a proposed salary range for the Finance Director position and answered questions from the Council.

**ADJOURNMENT**

At 7:00 p.m., Councilmember McEwan made a motion to adjourn the work session. Councilmember Ince seconded the motion, which passed by unanimous vote (5-0).
