Mr. Smith explained that capital purchases and projects for the General Fund were reduced from $850,900 proposed to $274,150, and explained personnel related cost savings for FY21, including:

- Leave Police Department Sergeant position vacant for six months
- Leave Finance Director position vacant
- Reduce one position in Court from full-time to part-time
- Reduction in number of seasonal Park employees

Projected RAP Tax revenue was reduced from $449,000 to $312,000. The Park Fund is funded by RAP Tax and park impact fees. Total obligations, including the third SDRC payment and the Island View Park Lease are $382,652, exceed projected RAP Tax revenue. Mr. Smith said some impact fees would partially make up the difference. The Council discussed whether to continue to fund the Whitaker Museum and CenterPoint Theatre at 5% of RAP Tax revenue. Councilmember Ince suggested working with the two groups to determine how much they really need.

Brant Hanson, City Manager, emphasized the hope that revenues would begin to recover at some point in FY2021 as spending and going to work returns to normal. Staff anticipates incrementally funding items that have been cut from the budget initially proposed in March as revenues begin to increase beyond estimates.

Mr. Smith explained that the cost of employee medical insurance through SelectHealth will increase 22% for FY2021. Mr. Hanson said they did put out a new bid, and coverage through SelectHealth remains his recommendation. The Council and Staff discussed the City absorbing the increase and not increasing the cost to employees at this time, considering all of
the economic uncertainty related to the COVID-19 outbreak. Councilmembers Ince and Fillmore expressed hesitation with the City absorbing the entire increase. Councilmember Mecham commented that the City is not giving compensation increases in FY2021, and said she would not want to put additional burden on employees. Mr. Smith explained a plan to hold employee health insurance premiums at the FY2020 rate. Councilmember Ince suggested communicating with employees that the City is absorbing the cost on a temporary basis.

COMMUNITY GARDEN DISCUSSION

Mayor Wilkinson asked the Council for feedback regarding whether or not the City should host the community garden at the Whitaker Museum this summer. Councilmember Fillmore commented that food is essential, and community members would be in closer proximity at a grocery store than they would be working at the community garden. She suggested the community garden should be available. Lisa Sommer, Whitaker Museum Director, answered questions from the Council regarding community garden use. Councilmember Mecham forwarded a suggestion from a community member regarding assigning A/B days for garden plots. Councilmember McEwan emphasized that he would not want City employees to be responsible for sanitizing equipment at the garden. The Council discussed a waiver for participants stating they participate at their own risk and should bring their own tools, and clarifying the City will not provide security, and public health orders will be followed.

ADJOURNMENT

Councilmember Ince moved to adjourn the work session at 6:58 p.m. Councilmember Ivie seconded the motion, which passed by unanimous vote (5-0).

Leah Romero, City Recorder
