Councilmember McEwan moved to adopt Resolution No. 2020-17 adopting the FY 2021 Final Budget. Councilmember Ince seconded the motion, which passed by unanimous vote (5-0).

ISLAND VIEW PARK CONTINGENCY FUND

Bruce Cox, Parks and Recreation Director, reported that the Island View Park Project would finish within budget, and presented the option to use contingency funds to add a shade structure to provide shade at the Park until trees are mature enough to provide shade. Councilmember Mecham said she would want shade over the playground equipment rather than over grassy areas. Councilmember Fillmore repeated the previously discussed need to provide a pathway for parents to easily go from level to level at the playground with a stroller, and suggested the pathway as a possible use for contingency funds. Mr. Cox responded that a bark or grass covered pathway could be added, but the area would be too steep for a hard-surfaced pathway to be ADA compliant.

Councilmember McEwan suggested the Council not spend the contingency, given the current economic situation. Councilmember Fillmore pointed out that the loan funding the project involved a low enough interest rate that the additional cost of using the contingency would be minimal. Not spending the contingency would not mean an equal amount of cash in the General Fund.

Councilmembers Mecham and Ivie expressed a preference for using the contingency to fund shade structures over the playground equipment. Councilmember Fillmore requested information regarding cost and longevity of the shade structures. Mr. Cox showed on a park plan possible locations for shade structures. Placement of shade structure support posts would be limited by playground equipment “fall zones”. Councilmember McEwan asked if a vertical shade structure would be possible to provide better coverage. Councilmember Fillmore suggested meeting at the Park with Mr. Cox and a project engineer to better understand possibilities, and expressed a desire to not delay opening of the Park. Councilmember McEwan suggested shade structures could be added later after sufficient research and discussion without delaying the Park opening now. He emphasized the need to consider the levels of wind Centerville experiences. Councilmember Fillmore asked about the design firm’s level of experience with shade structures, and asked for information regarding costs of adding shade structures to the project now versus later.

Brant Hanson, City Manager, said the Park would be ready for Council walk-through by June 19th, with completion anticipated by the end of June. Councilmember Fillmore left the meeting at 8:30 p.m.

FOURTH OF JULY “AIR PARADE” UPDATE

Mayor Wilkinson and Councilmember Ince updated the Council regarding the planned 4th of July “Air Parade”. They explained plans to address liability and insurance. Twelve cities in Davis County, as well as Davis County, will participate and contribute funds. The air parade will occur from approximately 9:00 a.m. to 10:15 a.m. on July 4th. The Council discussed the lack of time available to put together an interlocal agreement. Councilmember McEwan expressed
concern with Centerville City accepting responsibility to receive and disburse payments. It was suggested that it would be ideal for each City to pay the vendors directly.

MINUTES REVIEW AND ACCEPTANCE

The minutes of the June 2, 2020 Work Session and Council Meeting were reviewed. Councilmember McEwan requested an amendment. Councilmember McEwan moved to accept the June 2, 2020 Work Session minutes, and the June 2, 2020 Council Meeting minutes as amended.
